

Welcome to the Advanced Bionics monthly eNewsletter. Our goal is to provide our recipients, professionals, and those new to cochlear implants with an email update on the latest information regarding events, education, products, and rehabilitation from AB.

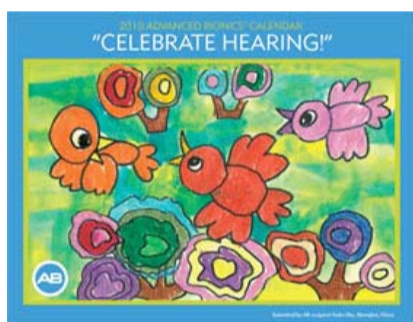

## THE LATEST ADVANCES FROM AB, YOUR PARTNER IN HEARING New Kinder Clip™ Now Available!

Designed with little ears in mind, but helpful for bigger ears, too, the Kinder Clip™ enables you or your child to enjoy more freedom of movement by allowing an ear-level processor to be worn completely off the ear. This flexible wearing option for your Auria™ or Harmony™ processor is compatible with all available power options. The Kinder Clip makes using a behind-the-ear processor more convenient and comfortable and allows the Harmony System to grow

with your child or provides an alternate wearing option for adults with active lifestyles. For more information about this new accessory or other AB products, visit our website at [www.AdvancedBionics.com](http://www.AdvancedBionics.com).

## THE LATEST NEWS FROM THE BIONIC EAR ASSOCIATION (BEA) "Celebrate Hearing" Year Round with the 2010 BEA Calendar

The BEA continues a long tradition of offering a calendar that showcases our recipients. For the 2010 calendar, we received many wonderful submissions of photography, paintings, drawings, poetry, and other art created by AB recipients of all ages from across the world. This year's calendar is truly an exceptional presentation of the thoughtful experiences shared by those traveling on their journeys to hearing. You won't be disappointed!

Order your free 2010 calendar today by emailing the BEA at [hear@AdvancedBionics.com](mailto:hear@AdvancedBionics.com).

## MAKE A DIFFERENCE TODAY!

This year, make it your goal to become a part of our BEA family and help us increase awareness about hearing loss and cochlear implants. Share your story and get involved now. [Make a difference today!](#)

## CHECK OUT THE LISTENING ROOM™

Explore our exclusive online rehabilitation resource bursting with listening and language activities for children and adults with hearing loss. This month's activity for children is "People Who Love Me" and for adults it is "Conversation Starters". [Visit The Listening Room now!](#)
