Uncompromised Hearing Performance

Designed for you to live your life as actively as you like, the AquaCase delivers the best in durability, wearability, and swimmability for uncompromised hearing in and out of the water.

Secure, removable clip that rotates 360 degrees and attaches to the back of the AquaCase

Industry's highest rating

Fully intended for swimming, the AquaCase carries an IP 68 rating for the ultimate protection against water, sweat, dust, and sand. From farms and construction sites to pools and playgrounds, your processor is **protected** in any environment.

All action, all the time

Your all-day, every day, reusable accessory, the AquaCase features an optional clip ideal for outstanding retention during snorkeling, skiing, mountain biking, mud running, and other exciting adventures.

Any Adventure, Any Environment

The robust AquaCase accessory has been developed to provide the same great hearing in the wettest, dirtiest conditions and during the most rugged activities in any weather, anytime.

World's only waterproof microphone

The AquaCase accessory is designed for use with the swimmable AquaMic™, AB's unique, IP 68-rated microphone. Waterproof with no bag or enclosure required, the AquaMic offers you optimal sound quality for uncompromised natural hearing.

Peace of mind

To ensure it safeguards your Naída CI sound processor,** the AquaCase features a security lock and special corrosion-resistant materials that stand up to water, dirt, mud, sand, and other grime.
